**VALIDATION RESULTS FOR EACH SITE**  
**11/6/2002**

**Comment on Off Target Variables**

Lower proportion in lowest 2 tar groups; Lower in LT normal BMI ; higher numbers in 21-34 group

Lower proportion in LT normal BMI group

Lower in lowest 2 tar groups; Slightly lower than expected in LT normal BMI group;

Lower in lowest 2 groups and in highest tar groups; Lower in LT normal BMI group

Lower in lowest 2 tar groups; Lower proportion of females

Lower in all tar groups than expected; Slightly lower proportion in LT normal BMI group

Lower proportion in lowest 2 tar groups and in no smoking groups; Lower proportion in LT normal BMI g

Lower proportion in 2 lowest tar groups and in highest tar group; Lower proportion of males; Lower prop

Lower proportion in 2 lowest tar groups; lower proportion in LT normal BMI group; Lower proportion in 5

Lower proportion in LT normal BMI group

Higher proportion in Normal + BMI group

Lower proportion of females; Lower proportion in LT normal BMI group

Lower proportion in the 2 lower tar groups and in the no smoking group; Lower proportion in LT normal

Lower proportion in the 2 lower tar groups and in the no smoking group; Lower proportion in 21-34 age gr
